

GEM80 MANUFACTURING AT KIDSGROVE

GEM80 continues to be made on the same factory site at West Avenue, Kidsgrove as it was in 1979.

Main office block at the Kidsgrove site 2007. The building sign shows the new company name CONVERTEAM. This building has carried signs for GEC, Marcolin, Cegelec and ALSTOM over the past 30 years.

Part of the PCB assembly area in the factory. Sheelagh Broad explains some of the changes for former General Manager John Nixon on a return visit that he made in the summer of 2004.
